# Welcome to the Comfort Zone...

## ...Experience and Expertise

The KAB Seating Work Chair range has been developed as a result of supplying vehicle seats for the transport, construction and agricultural industries.

Every day, thousands of vehicle drivers sit comfortably and safely in KAB seats.

The characteristics necessary in a good drivers seat are equally as important in the workplace today.

Particular attention has been paid to criteria laid down by the British National Back Pain Association when designing the Work Chairs.

Back pain is the second biggest cause of absenteeism in the workplace and in the UK alone 70 million working days are lost annually.

If you sit with a fixed posture all day you will inevitably end up with physical aches and pains. You have a responsibility to yourself to move.

Movement varies the stress and strains placed on the body. KAB work chairs offer the person the option of various adjustments so that you do not have to sit rigidly all the time.

KAB Seating is part of a group of companies with operating subsidiaries in the UK, Scandinavia, mainland Europe, Australia and with an associate in the United States of America. The KAB Seating headquarters employs over 700 people and covers an area of 21,000m<sup>2</sup>.

**KAB Office Chairs provide movements to relieve everyday stresses placed on the body**

## New Tilt System

Side mounted rotary controls

Easy weight adjustment  
50-150kg

Full tension range in less  
than one turn

Easy height and tilt  
adjustment

'Anti-kick' safety system

24 Hour use certified

# Features and Options...

**KAB Office Chairs are available in a wide range of colours and fabrics to suit all office interiors. The covers are replaceable to facilitate repair and refurbishment also to match any new colour schemes.**

## Fabric Trims

A range of high quality standard or optional fabrics are available to meet all user requirements. These comply with international standards. For full details see separate trim specification sheets.

## Leather/PVC Trims

The **Executive, Director** and **Manager** chairs are available in a range of deluxe leathers on the facing areas of the seat. This is complimented (for serviceability) on the sides and backs by high quality matching PVC. The **Executive** chair is also available in a full leather finish as a luxury option. The **Controller** chair has lateral side bolsters finished in leather with twin stitching for durability and style. For full details see the KAB Seating leather/PVC selection.

## FIRA

KAB Office Chairs have been tested by the British Office Chair Institute to meet appropriate British and European Standards.

See table .

## Warranty

5 year policy for general office use, and 2 years for 24 hour applications. Please refer to KAB Seating's official warranty statement.

## Optional Accessories

To make KAB chairs more versatile for differing environments; useful features such as: a coat hanger, rubber castors, extra high gas lift, footring, locking castors, 'comfort' headrests and polished aluminium 5 star base are also available.

| Chair Features                          | Conference | Operator | Navigator | Manager | Director | Controller | Executive | ACS |
